## OWNER'S MANUAL HR300 GEL HEADREST INSTALLATION INSTRUCTIONS

### INSTALLATION

To install the gel pillow with adhesive:

1. Clean and dry the bath surface where the pillow will be applied.  
NOTE: It is important that the surface area be completely dry.
2. Remove the pillow from the protective film.
3. Apply the pillow gently on the desired surface holding the sides up to help with positioning.

### REMOVAL

To remove the gel pillow with adhesive:

1. Pull gently on one end of the gel pillow and then remove slowly to avoid tearing.
2. Put down the pillow upside down to leave the adhesive part clear of dirt.

**WARNING: It is important not to pull on both ends of the gel pillow and not to pull too quickly or too hard to avoid alteration of the product.**

### CLEANING

To remove the gel pillow with adhesive:

1. Simply submerge the gel pillow with adhesive in soapy water and rub gently the adhesive surface with your fingers.  
The dirt will be removed and the adhesive will remain intact.
2. Let the pillow dry with the adhesive facing up.
3. Once dry, reinstall the pillow as described above.
