
Exposed Overflow Drain Assembly

This sleek, low profile, modern design is perfect for our Designer and Carrera™ collection baths.

- Available in Polished Chrome, Satin Chrome, and Brushed Nickel finishes.
- Has a broader application range. Models fit 17"-22" baths with walls ranging from .06 to .75 inches thick.

- Mechanical components made from 304 stainless steel and brass for added durability and corrosion resistance.
- The overflow head is also made from 304 stainless steel for added durability.
