What Makes Our Products Stand Out?

ERGO-SPATIAL DESIGN
All Jason baths are ergo-spatial, meaning you are placed in the ideal position to achieve perfect alignment while the spacious well of the bath allows for full body immersion in warm water.

STYLISH FEATURES
Each bath comes standard with a chrome linear overflow and drain, and the two-piece design makes for easy install and a bath you can enjoy longer.

TWO-PIECE ACRYLIC DESIGN
Our baths are crafted from durable, easy-clean acrylic, and the two-piece design makes for easy install and a bath you can enjoy longer.

DECK MOUNTED FAUCETRY
Faucets set the tone for your bathroom decor. The simple elegance of deck mounted faucetry is both beautiful and functional. Our AD, RD, Hannah™ and McKenzie™ baths can accommodate center mounted faucetry, while our other freestanding baths can accommodate off-center or end deck mounted faucetry.

ACCESSIBILITY
Our baths are made for easy entry. The Level-Form™ base under each bath is 1" thick, compared to up to 5" from competing freestanding bath options. Because of this, our baths have shorter overall height and a deeper bathing well than competitors.

HOW-TO-CHOOSE FROM
- Low Threshold Across Entry Way
- Ergonomically Dual Angled Grab Bar
- Deck Mount Overflow
- Secondary Door Chute
- Standing Riser to H 61” with...Adjustable legs
- 1” High Curved Seat
- Inward or Outward Door with Lifetime Warranty on the Door Seal

MANY OPTIONS TO CHOOSE FROM - PLEASE REFER TO PAGE 143 "BATH OPTIONS"
