

Developed with your skin in mind, MicroSilk<sup>®</sup> microbubbles reach gently into pores, to remove toxins and moisturize the skin.

With 70% more oxygen than regular tap water, MicroSilk increases the skin's metabolism while promoting skin cell growth and the reduction of fine lines, wrinkles, and scar formation.

MicroSilk improves overall skin health and naturally evens skin tone and relieves irritation — cleansing, exfoliating, and hydrating the skin.

### Here's What People are Saying About MicroSilk

*"MicroSilk felt like a soothing time machine for my skin. It felt and looked like it did 15 years ago!!"* Heather P.

*"MicroSilk felt like I was at a spa getting a full body massage. It felt my skin feeling and looking like it has never felt before young, plump and hydrated!"* Amanda K.

*"MicroSilk reduced the pigmentation of my age spots."* L.A.H.

*"MicroSilk felt like a fountain of youth in a quick soak. Using the aromatherapy has rejuvenated my whole body, making me feel younger and more energetic than ever."* Debbie R
